

Promises Made. Promises Accepted

Joshua 1:10-18

God still makes
promises and keeps
them—but we only
experience the
benefits through
active, obedient faith.

Israel entered the land
with God's promise.
We enter the world
with God's power (the
indwelling Holy Spirit).

The preparation phase
is a transition from
wandering to walking
in promise.

Membership isn't
about perks. It's about
partnership.

We will never win the battle out there unless we win the struggle for unity in here.
