

Missing the Mission

Joshua 9

Living in the land of
promise is about
God's mission.

Mission began as a description of God's activity, not ours. It was about God's redemptive initiative, not the church's efforts.

Mission is about God
and who He is, more
than about us and
what we do.

The enemy can't take your salvation, but he can distract and deceive you into uselessness in God's mission.

We miss God's
mission because of
the enemy's
deception.

We miss God's
mission because of
self-deception.

Just because
something feels right
doesn't mean it
advances God's
mission

God's mission is His
and His alone — yet,
in His grace, He
invites us to join Him
in it.
