**BIG IDEA: The benefit of being still.**

### **Read Mark 3:7-21**

1. Why did Jesus withdraw from the crowd and why did he bring his disciples with him? What does this teach you about how you can better follow Jesus?
2. How would pulling away from the crowd fuel the disciples to be sent out to preach? What does this teach you about how you can better follow Jesus?
3. How has Covid-19 caused you to slow down and be still? What has God taught you through this (perhaps unintentional) season of slowing down?
4. Name and describe seasons in your life when you have gotten fuel from being still so that you could, in turn, more effectively live out the gospel.
5. How can you apply this sermon to your life this week?
