My favorite commentator with three first names says it this way: "Uzzah story goes so against the grain of human preferences. We would never have 'invented' a God like this—not if we want to win converts and influence people. This God is not very marketable." - Dale Ralph Davis

Uzzah assumed that his hand was less polluted than the earth. But it wasn't the ground or the mud that would desecrate the ark; it was the touch of man. The earth is an obedient creature. It does what God tells it to do.... The ground doesn't commit cosmic treason. There is nothing polluted about the ground." - RC Sproul

God's holiness is not simply the best we know infinitely bettered. We know nothing like the divine holiness. It stands apart, unique, unapproachable, incomprehensible and unattainable.... Holy is the way God is. To be holy He does not conform to a standard. He is that standard. - A.W. Tozer
