

# WHO DO YOU THINK YOU ARE?

LUKE 20:1-8

1. Who or what comes to mind when you hear the word authority? Why?
2. Do you acknowledge a rift between the Bible and the culture? Where do you see this happening?
3. Where do you spend more time? Culture or the Bible? Which one do you listen to more?
4. How does biblical authority affect your daily life? Does it at all?
