

His heart leads us

JOHN 2:11

1. Were weddings a big deal back then? Are they a big deal now? Why is that? What made the wedding a true feast? What social disaster was about to happen?
2. Why does Jesus decide to fix this problem? Why is this His inaugural signature, rather than a sermon, a healing, or even a resurrection? What does that reveal and tell us about Jesus?
3. Why does Jesus relate to us through the metaphor of a wedding and marriage? What does that tell us about his love for us and our relationship to Him?
4. Why does the Bible use sensory language to communicate what God offers us in our relationship to Him?
5. What does it teach us about Christianity for Jesus to do all the work, but give us all the credit, as portrayed in v.9-11?
