STUDY QUESTIONS

1. Have you ever experienced a season in life of unanswered questions? Are you experiencing a time like that now in some area of your life? If you're comfortable, are you willing to share a question you are facing with your community group?
2. How can we trust God's presence and provision even when he seems silent? Is there a time you remember when God proved himself faithful even when the circumstances you faced felt hopeless?
3. What do you love most in life? What would you do or feel if it were taken from you? How does this passage bring us comfort and hope when it feels all is lost?
4. How can we live a life of faith when we aren't promised all our questions will be answered or all our hopes will be fulfilled? Can you give a practical example of how that might look in this next season of your life?
5. Hebrews 11:19 says Abraham believed that God could raise the dead. If we believe the same, that even Jesus was raised on our behalf, how can this give us hope that one day, now or in eternity, God will right every wrong and fulfill every promise?
