TREASURES OF MY HEART

Dear Parent or Facilitator,

“Treasures of My Heart” is a booklet designed to bring healing to a child who has experienced loss through death of a significant person in his/her life. Questions are asked to help the child process memories about the lost loved one and to draw out the child’s often unspoken thoughts, feelings or misconceptions.

- ☞ The “idea banks” are given to put words to a child’s stunned condition to help the child get beyond “shut down” or paralysis in a particular stage of grief.
- ☞ This booklet also helps the child process through comments made by others regarding their loved one’s death. The facilitator can clarify and bring truth to any wrong conclusions a child may come to, and at the same time validate the child’s feelings as he/she expresses his/her response to the comments made.
- ☞ The last page gives the child opportunity to remember many of the special times spent with the lost loved one and to value that person through shared memories.

May God use this tool to settle and bring peace to the grieving child, as he/she is encouraged to record the treasures in his/her heart.

To His Praise and Honor,
