

PRAYING

FROM PAMPLIN

Missions *Central Asia*

Our prayer focus for Missions this week focuses on Central Asia. Much of this area is rough and mountainous. That's the kind of place our missionary, *Molly Petry*, serves. She has worked for years to share the Gospel to an isolated people group — about 28,000 people. They live in a valley that's deep in the mountains, beyond where the road ends. Molly drives six hours from the city, then faces a rugged hike on foot to reach that valley. That's only in warm weather. In winter, nobody can get there.

Just one family of Christians live in the valley. The family has been the local contact for Molly and other ministry partners who have been helping get a supply of clean water set up for the valley.

A real victory came last year when Molly traveled with a woman living in the city to and from the valley. After many hours of teaching, the woman made a profession of faith in Christ! Brothers and sisters, let's pray that Molly's long faithfulness will be rewarded by seeing all of the people in that valley turn to Christ. Let's pray that they will have both clean water to drink and the endless Living Water of Jesus for their souls!

Deuteronomy 9

Pastor David Sexton

Have you ever had receive alternative treatments like chiropractic care or physical therapist to adjust a physical problem? The manipulation of bones and muscles allows the body to move in the way that it was intended to move.

This morning though, we are going to talk about a spiritual manipulation that needs to happen.

In Deut. 9, we will see how God’s Law is used to adjust our will to submit to His grace.

1. The symptoms of the Stiff-necked (9:1-6)

2. The Diagnosis of the Problem (7-17; 22-24)

3. The Manipulation by the Mediator

What sins have you diagnosed this morning that you will need to get on the table and let God do His wonderful work of grace in manipulating you back to where He wants you?
