

# ADVANCE Vision Gathering

*Moving forward with purpose*

February 24th 2019

The goal is to grow our church by attracting millennials and young families to save our church and fulfil the Great Commission.

---

- David J - Care, Deacons, follow ups
- Paul I - Advance Initiative implementation plan, Metrics, Trustee improvements
- Joey and Jake- Communications, CCB, online giving, welcome team. Website, app

Close

# Resources:

## Communications

Our goal is to make Parkminster Church's messaging clear, accessible, and attainable as early as possible. To that end the communication team is working hard to schedule events far in advance and get the details to people as early as possible. We want to make information easy to access using online tools that are further outlined below. We're excited to see what more strategy in this area of our church can do to help grow Parkminster!

## Church Website

Our website address has remained the same: [parkminster.com](http://parkminster.com). It has been overhauled to afford better accessibility and utility. Our plan is to keep it updated so all the info for upcoming events and activities at our church will be available online 24/7.

## Parkminster Church App

We have an app! It's available for Apple and Android devices. Just search 'Parkminster Church' In the App Store or Google Play Store.

The Parkminster Church app provides easy access to Sunday messages, video content, church events, and more! It will be continually updated to provide more functionality in the future.

## Online Giving

We are adding two new ways to give offerings to Parkminster Church.

### 1. Website

On [parkminster.com](http://parkminster.com) you can simply click the 'Give' tab. Then scroll down and enter in an amount you'd like to give.

### 2. App

After downloading the Parkminster Church app and opening it you'll find a tab at the bottom that says 'Give'. If you tap on that tab you'll see an option to enter an amount you'd like to give.

- All online giving goes towards general church budget, the same way envelope giving does during our Sunday service.
- You can give via credit card, debit card, or bank transfer.
- The online giving platform we've chosen, Subsplash, uses bank-grade security to protect people's personal information. Thousands of other churches already use the Subsplash giving platform.
- There is an option to give once, or give a recurring weekly, bi-weekly or monthly gift.

## Next Steps

A next step is any action an individual takes to love God, love people, or make disciples. At Parkminster we're utilizing next steps to give people a clear path towards spiritual maturity and leadership. See our Next Steps wheel below, also available on our website.
