

*A guide to enjoying the wildlife of Virginia Beach, VA*

# Virginia Beach

*Naturally*

Scott F. Bastian, D.V.M.

Scott Bastian, his wife Jill, and their three boys ~ Nicholas, Andrew and James ~ reside in the small town of Friedens, Pennsylvania. Although the family lives in the Keystone State's Appalachian Highlands, Scott has vacationed in Virginia Beach since he was a boy. Now, he and his wife bring their children to enjoy their favorite home away from home.

*Virginia Beach Naturally* was a labor of love for the outdoors and an appreciation for God's Creation.

This is Scott's second book. His first title, *Somerset County Naturally* (2002), was published to provide readers with a guide to enjoying the wildlife of the family's Southwestern Pennsylvania home.
