

eGroup Questions Following the Weekend of March 23-24, 2019

Please don't feel you have to answer every question.

Celebrating God's Activity

Alan Kraft, Lead Pastor

Icebreaker

What do you like to do or where do you like to go when you have something significant to celebrate? When is the last time you did this?

Group Discussion

What stood out to you the most from this past weekend's video, message, and service of celebration?

In reviewing the card that was handed out at services summarizing the impact of For the City and Beyond, what statistic or detail especially captured your attention?

If you've been involved in a personal way with For the City and Beyond, how has it impacted you and how have you personally experienced God at work?

And now to reflect upon and celebrate God's activity in your eGroup as a vital part of the Christ Community family ...

Read aloud Acts 2:42-47, in a couple of Bible translations if possible.

What strikes you the most about the activity of these believers, their relationship with one another, and how we see God working as a result?

What was their role and what was God's role in their community?

What does this tell you about the nature and power of community, and the role of God in this occurring today?

As you reflect upon the journey of your eGroup over the past 2-3 years ...

- What have you appreciated the most about being a part of this group?
- How have you experienced God at work in your midst and in your relationships as a group?
- How have you seen not-yet-believers impacted by you as individuals (or potentially as a group)?
- What spiritual stirrings have been created you feel you need to pay attention to right now moving forward?

As you conclude in prayer, be sure to spend time celebrating God's activity in the life of your eGroup, and in the relationships He is enabling you to build with people who are lost, broken, or in need.
