

## eGroup Questions Following the Weekend of March 30-31, 2019

Please don't feel you have to answer every question.

### *Envisioning Our Future Together*

#### Icebreaker

Do you have a “bucket list?” If so, what’s on it?

If not, what’s something you’d really like to do or accomplish at some point in the future?

#### Group Discussion

What stood out to you the most from this past weekend’s service and panel discussion with Pastors Alan, KJ, and Steve?

If you’ve had any specific questions about our church’s future, how were they answered?

Did anything that was shared stir some further questions or create some curiosity for you? Explain.

And now take some time exploring Scripture and envisioning the future of your eGroup moving forward ...

Read aloud Hebrews 10:23-25 and Luke 5:36-38, in a couple of different Bible translations if possible.

What strikes you about these verses ... words, phrases, concepts, or otherwise?

What do you think it would look like to put these verses into practice today?

As you think about the future of your eGroup ...

- What things about your group do you most want to hold on to or strengthen in the months to come?
- How can you become a greater source of encouragement to one another in your relationships with Jesus and support of each other?
- What new things are on your hearts for your group that might involve a change of some sort?
- Where do you sense the Spirit prompting you (as individuals and perhaps as a group) in reaching out to people who are lost, broken, or in need?

As you conclude in prayer, be sure to spend time praying for the ministry of Christ Community moving forward, and for the things that are most deeply on your heart for the future of your eGroup.
