SPEAKER: Pastor Dale Oquist

TITLE: WIRED - A Life Of Worship/How To Worship

LOOKING BACK: Psalm 100

Our vision:

- To know God well and worship God passionately
- Be quick to recount how good God is and is worthy of every breath we breath
- We are on a pursuit of God; He has not abandoned or given up on us

The way you think and know God is the most important thing about you.

1. Explain why worship needs to be a purpose not a value.

DIGGING DEEPER: Worship is not optional. All of our life flows out of who or what we worship. We can worship incorrectly.

2. Why did God not accept Cain's offering?

"The _ to waste your life and lose your soul is to ignore the knowledge of God" (J.I.Packer)

3. Worship of God must be central to our lives and is not just through music on Sunday mornings. Throughout every day of your week, how can you worship?

Pastor Dale taught us that worship is to be a transitive verb. A verb that requires a direct object.

There's only one direct object worthy of our worship, God. Without it, all of life will become unsatisfactory.

4. What people, places or things have become an object of worship?

TAKING IT HOME: No person will ever love you enough. No job will ever pay you enough. No child will ever need you enough. An experience will never reward you enough. It's only, Jesus. When we reach for Christ we will always find contentment and satisfaction. Christ is enough for us.

Question 5 - Bonus question?????? What is the name of Pastor Dale's dog?
