Discussion Questions

1. Why should we study about the End Times?
2. Why do you think most people are ignorant of what the Bible teaches about the End Times?
3. Would you rather learn about the End Times or go shopping, surfing, or snoozing? Why?
4. Please read about the “last days” as described in 2 Peter 3:3-13. In this short passage of Scripture, the Apostle Peter tells us a number of things about the “last days” and how we should act in light of living in the “last days.” What does he tell us?
5. Now read 2 Thess. 2:1-5, where the Apostle Paul briefly writes about the Rapture (v.1), followed by the Tribulation (“the day of the Lord” in v.2). In vv.3,4 he writes about the Antichrist, and then in v.5 he seems surprised that these brand new Christians don’t remember all this eschatology “stuff.” What does this indicate about the Apostle Paul’s view on the importance of ALL Christians being well informed regarding the events of the last days?
6. How soon would you like Jesus to return? Why?
