3. People who use allegory to interpret the Book of Revelation have no timeline of End Times Events and usually see the events described as already having taken place in history. What are your thoughts about this approach to the Book of Revelation?
4. How do you feel about Jesus pouring out His wrath on the world? Does it help to know that this outpouring of wrath will lead to the repentance of the Nation of Israel and the return of Christ? (Read Hosea 5:15; Matt. 23:37-39 and also Zech. 12:10; 14:4,9 which all prophesy this.)
5. What practical benefits do you think there are in understanding the Book of Revelation and the future End Time Events it so graphically describes?
