---

**LifeGroup Discussion Guide**  
*for the week of 6/3/2017*

**CONNECTION**

- [1] What insight, principle or observation from this weekend's message did you find to be most helpful, eye opening or troubling? Please Explain.

**OBSERVATION & INTERPRETATION**

- [2] Please read Luke 6:43-45 with Ezekiel 36:26-27. What does it take to become the kind of tree that produces Godly fruit?
- [3] As Christ followers we sometimes have problems with our fruit (Read Luke 13:6-9 with John 1:17 and John 8:31-32). God patiently transforms us through nurturing our root system with His grace and truth over time. How does this give us hope for growing healthy fruit in our lives?

### **APPLICATION**

- [4] Pastor Rich stated that our fruitfulness will be in direct proportion to our connectedness to Christ (John 15:4-5) who is the source of life and fruitfulness. What are things that draw us towards Jesus or away from connecting in relationship with Him?
- [5] For seed to grow and multiply into an abundant harvest, we need good soil (Mark 4:20). What does this mean? How do we cultivate right attitudes to produce good soil to plant seed that multiplies?
- [6] What does it mean to have “Jesus multiplying seed inside our spirit” (1 Peter 1:23)? How does this help us multiply the seed we are sowing?

### **REFLECTION**

- [7] Where do you need to sow seed to produce a harvest? What kind of seed needs to be sown? What next steps do you need to take to sow your seed?
