OBSERVATION & INTERPRETATION

- [3] What do we do as Christians when we disagree with other Christians on a point of Biblical doctrine?

APPLICATION

- [5] What is Eternal Security? Why is it important that we have it?
- [6] What is some of the Biblical evidence for having Eternal Security?
- [7] What keeps God from taking back our eternal life or throwing us out of the family when we mess up? As our heavenly father what would most likely be an accurate expression of God's attitude towards us when we struggle?
- [8] As Christians we can carry around a lot of guilt and condemnation (sin conscience) that leads to insecurity in our relationship with God. How can having faith and trusting in the perfect work of Jesus on the cross lead to inner security?

REFLECTION

What are the emotional and behavioral consequences of believing that you could "loose" your salvation verses knowing that you can trust God to keep you in His Grace? Which concept is more likely to lead you towards obeying God in the long run? Why?
