### **APPLICATION**

- [4] How does “hoping in” or “resting in” the Lord renew our strength? What are some practical ways we can do this?
- [5] When facing the unexpected, how do we discern the difference between our part of the solution (what we need to do), God’s part (what only He can do), and the role of people God may be working through to help us?
- [6] Mary (Luke 1:46-50) saw herself as “lowly” and God’s “maid servant” yet she received great blessing from God and stated that His mercy extends from generation to generation for those who fear Him. Do you believe having a humble-trusting attitude towards God in our unexpected situations makes a difference? Why or Why not?

### **REFLECTION**

- [7] Sometimes we can mistake unexpected circumstance as “the hand of evil” against us when in hindsight it was actually the “had of God” guiding and directing our life. If you can, share about an experience where you had this change of perspective?
