

**The Multiplied Seed Pt. 1**  
*The Fruit of The Seed*

---

**LifeGroup Discussion Guide**  
*for the week of 8/12/2017*

**SHARING YOUR STORY**

[1] What is your seed story? If you have planted a seed of time, talent, or treasure what has been the fruit so far?

[2] What faith lessons about yourself and/or God have you learned through planting your seed?

[3] Some seeds take longer to germinate than others; different crops grow at different rates. We may be waiting for our seed to sprout and feeling a bit discouraged or maybe reluctant to sow a seed God is calling us to plant.

What encouragement can you glean from the seed stories shared by your LifeGroup members and our campus pastors?
