Called Forth

LifeGroup Discussion Guide

for the week of 9/18/2021

- [1] What new insight impacted you the most during this series?

- [2] How healthy do you believe the church is today? Please Explain...

- [3] From your perspective, what can we be doing to increase the health of the church and the difference it makes in the world? Since the church is made up of people, what specifically can you do to increase your spiritual health and impact through the body of Christ?

- [4] Pastor Rich used the story of Lazarus rising from the dead (John 11:1-4) to illustrate that the “last days” church is going to experience a “great awakening” and become powerful in its witness to the world. Why is Jesus “re-uniting with his bride” so important to all of this?

- [5] What does it mean for the church to die to itself and focus on what matters most? For the church to die to itself does that mean that its members must do the same? Why or why not?

- [6] How is God going to bring new life and glory to his son in this process?

- [7] Why is it so important to continue visualizing the victory, keep marching forward, and seeking the victory over darkness until we have completed our mission as the church? What is the consequence of losing focus?

- [8] Are you ready for the return of Jesus? Will he find you faithful? What “grave wrappings” are you bound up in (See Hebrews 12:1) that hinder you from being your best for God?

If you are depressed, anxious, hurting, struggling with addiction or stuck in an unhealthy relationship it is often wise to seek professional counseling as an important step God uses to help you find freedom.
