"Living Like Jesus"  
The Triangle Tool

## Introduction

Greet one another and Pray together before you begin discussion. Read Luke 6:12-19

## Discussion

Describe a time when you experienced a great sense of God's presence in your life.

## Examination

2. Jesus models an up, In, & out lifestyle in this week's passage.

Outline the verses in the passage that depict Jesus spending time in each area.

3. Jesus made prayer a priority. What passages might support this statement? What might this lead us to conclude about prayer?

4. What observations can you make about Jesus' "in" group of Community? What encouragement can we find from the fact that the group included people from different political and vocational backgrounds?

## Application

5. Examine the Triangle Shape. Can you reproduce the shape from the passage.

6. How can you make dedicated time for prayer a priority again this week?

7. As you consider your own life, in what dimension of the triangle are you a living example like Jesus? Which needs more development? Dedicate time this week to take the survey.

8. Who comes to mind when you consider the 3 dimension of the triangle? How can you be intentional about growing in each area?
