Acts: Conflict with Culture
Acts 17:16-34

Introuction

Greet one another and pray before you begin discussion.

Read: Acts 17:16-34

Discussion

1. What are the different religions, belief systems, and or lifestyles we encounter in our daily lives? What barriers are there that prevent us from being able to share the gospel effectively with out neighbors?

Examination

2. Drawing back on other accounts of Paul sharing the gospel throughout this series, has his method of sharing the gospel changed based on different cultures and groups of people?

Examples...

- Paul's approach in Cyprus (Acts 13:9-12).
- Paul's approach in Lystra (Acts 14:11-18).
- Paul's approach in Thessalonica (Acts 17:1-4)

3. How do you as an individual approach sharing the gospel with others? Do you differ your approach from person to person? If so, why?

Application

- 4 What can we learn from how Paul encounters the Athenians and connects with their culture?

5. How can we make cultural connections without compromising the gospel message?

6. Where can you apply the principles of Psalm 133 in your daily life?
