Book of Acts Sermon Series: Come & See or Go & Save

Scripture: Acts 13:1-5

Overview of the Book of Acts:

- Different Regions – Jerusalem, Judea & Samaria, Ends of the Earth
- Chapters 1- 7 – God was working within Jerusalem
Chapters 8-12 – God was moving out to Judea & Samaria
Chapters 13-28 – God is now moving out to reach the ends of the earth

Acts 13 begins with God shifting gears from “Come & See” (Jerusalem) to “Go & Save (to the ends of the earth). Pr Sam in his sermon shared with us 5 ways in which God executed the “Go & Save” workings / move of God. God is moving through -

1. Local Church (v1)
2. Leaders (v1b)
3. Love of the Church (v2a)
4. Holy Spirit – The Real Leader of the Church (v2a)
5. Launching Out (v3)

1. a) In your understanding, who is the church? Why did God choose the church to execute “Go & Save?”

b) How can diversity within the church / body of Christ become a strength instead of a weakness in God's Kingdom?

c) Share some examples of diversity that you see in EPCC or in your cell group that enables us as a church to bless the wider community.

2. Pastor Sam in his sermon mentioned that “Success is not our seating capacity but sending capacity”.

a) Share your understanding of this statement in relation to Acts 13:2-3

b) How can we become a church that sends rather than simply gathers?

c) Suggest how your cell group can grow to be cells that are welcoming to new people and how you can also send yourselves out to plant new cell groups.

3. Share a personal take away from this week’s sermon and what the Holy Spirit is challenging you to.
