

WON'T YOU BE MY NEIGHBOR?

UMCE Neighboring Challenge

May 21-27

This Week's Scripture - Acts 15:1-21

Sermon Summary:

Crossing cultures can happen in the time it takes to cross a street, peer over to another cubicle, or glance over to the treadmill next to us. How do we close the gap? Neighboring well involves facing our fears, leveling the walls of division, and suspending assumptions in favor of listening, understanding, and moving towards others.

Neighboring Challenge - Cross the Street

Crossing cultures involves take a journey. An emotional, spiritual, and intellectual journey that always begins with a physical journey. Take some time this week to intentionally engage with another culture. Here are some ideas:

- Attend a cross-cultural event.
- Visit a religious space different from your own, with the goal to learn and build relational bridges.
- Intentionally follow a person who comes from a culture other than yours on social media.
- Seek out stories of people who come from a culture other than your own. The Racial Justice Lending Library at UMCE has books for adults and children.
