

# WON'T YOU BE MY NEIGHBOR?

## UMCE Neighboring Challenge

*April 23-29*

This Week's Scripture - Luke 10:25-37

### **Sermon Summary:**

What speaks the loudest in our lives? If it's not love, it's just noise. We must become great at the Greatest commandment. Our love for Jesus will be defined and reflected by our love for each other.

### **Neighboring Challenge - Neighboring Map**

1. Pick a community you are a part of and make a neighboring map.
  - Where you LIVE - neighbors, people in your building, etc
  - Where you WORK - coworker, supervisor, custodian, etc.
  - Where you PLAY - barista, gym buddy, parent on your kids' team, etc
2. Write everyone's name down that comes to mind. If someone comes to mind whose name you don't know, write a descriptor instead (ex. lady from the gym).
3. How well do you know these neighbors? For each neighbor, write down:
  - One FACTUAL thing you know about the individual.
  - One PERSONAL thing you know about the individual.
4. Choose someone from your list that you don't know so well and commit to engage with them differently this week. What will the next step look like? What would be a way you could break the barriers to building authentic relationships?

Keep this neighboring map! You'll use it throughout the next 8 weeks!
