 Dinesh D'Souza and Kim Dotcom follow

**Stew Peters** 

@realstewpeters

France has FALLEN to African migrants and is now an Islamic caliphate.

White Christians are being publicly raped and murdered across the entire country.

French police and MSM cannot even keep track of which towns have been totally burned to the ground.

The French let in a Trojan horse and now they have been conquered.

Western civilization is on the brink of collapse. We have to fight back NOW.
