

You may think “well that lesson was kind of short, and we didn’t cover what acts of service can be, or how they can be implemented in evangelism.” Well, here’s where you get your wish.

I just couldn’t continue the lesson any further without getting into the project! **Don’t do the next “pt” until we have gone over the previous one!**

Remember, these projects are for your benefit to look back on in the future!

Pt. 1

- 1) How would you define what an act of service is? (not an example of an act of service!)

- 2) Here’s where you can list some examples of acts of service

Pt. 2 (Don’t do until we go over pt. 1!)

- 3) Teamwork makes the dream work! After hearing from others in the group, what are some examples of acts of service that stuck out to you?

- 4) What act of service would be difficult for you to do personally? Why?

- 5) What act of service do you think would be your “go to move”? Why?

Pt. 3 (Don't do until we go over pt. 2!)

- 6) After hearing from others in the group, how do you think acts of service can be used as a doorway to evangelism?

- 7) Why do you think acts of service can be an effective evangelism tool?

- 8) Give an example of a situation you could do an act of service and how that could lead to sharing the Gospel
