1. As you reflect on last week's sermon, what stood out as being particularly helpful, insightful, or difficult to grasp? (Answers may shape what other questions you do!)
2. How do you most commonly fall into 'justifying' not serving when you are prompted to? Money, time, priorities, inconvenience. What are helpful boundaries?
3. Who are you currently serving and who might you be able to begin serving and how?
4. As a Small Group how can you partner in this, especially with your geographic neighbours?
