

## Talk 12: A Local people with a Global Heart

### Overview

On Sunday we came to the end of our Distinct series by looking at the sixth and final value of The Church, "We are committed to train, equip and send many to see many saved." We looked at our call as a Church to be a sending Church seeing men and women trained, equipped and then sent across the world to serve Jesus and love the World. We saw how this call isn't easy and we must embrace the hard work of sending, the effort of training and the sadness of seeing many leave. We also saw the value of sending and that by faithfully following Jesus distinct call over us as a church we will know greater blessing in giving than receiving.

### Scripture

Acts 20:35-38

### Questions

1. Does anyone in the group feel called by God to move locations either soon or in the long term? Share with everyone how that has come about.
2. How do you think we can grow at living out Paul's call to help the weak and give more than we receive both locally and globally?
3. Reading verses 36-38: what challenges do you think those who are called to stay will face in seeing many being sent? How can the Church continue to love and *grow not weary in doing good*?
