

When did Paul die?

Galatians 2:15-21

What is going on here?

**Now, let's step back
and look at v.15-21**

v.19 The believer is dead
to the law, we are freed
from the dominion of the
law, so that we can
without fear and
serve God.

In the Bible we have a thing
called federal headship.

Paul says he lives,
but it is Christ who is living in him.

He says this because our identity is
Christ's identity.

That is why we worship
Christ: He is our Lord and
Savior.

That is why we are
eternally secure in Christ:
He saves and keeps us.

That is why Paul is so
angry about what the false
teachers are doing.
