John 14:13-14

Leon Morris, Pillar Commentary on this passage: “Jesus is not putting in all the qualifications that apply to praying, but simply making it clear that God is always ready to hear the united prayers of even two of his little ones. Prayer is effective, not because of the power or the number of the praying people, but because the answer is given by ‘My Father Who is in Heaven.’ Prayer is offered to a mighty God, One who commonly does his greatest work on earth in response to the prayers of his humble people.”

2 Corinthians 5:18-19
