

Thinking Biblical Thoughts

“...about Children”

Mark 10:13-16

The greatest indictment against modern-day America is the shame of abortion-on-demand. The great embarrassment of the evangelical church in America today is how often we have failed to make the transmission of faith between generations a real priority. Clear biblical teaching points to the tremendous value assigned to children in the heart of Jesus.

1. Children desire the loving touch of the Master’s hand (vv.13, 16)

2. Keeping a child from Jesus is a serious offense (vv.13b, 14)

3. In eternal matters, adults often learn from children (vv.14b-16)
