“The New Man”
Ephesians 4:17-24
Pastor Philip A. Jackson

Every day we choose what to wear, but few of us think about what kind of person we’re putting on. Paul uses the language of clothing to describe one of the most dramatic transformations in the Christian life. There should come a point in every believer’s life when they decide to take responsibility for themselves. Some ignore it and perpetually struggle as they are tossed about by every high and low of life. But the wise ones obey the call of God to be equipped for battle.
