

Acts: Church Blueprints

“Legacy of the Church”

Acts 27:1-28:31

It is popular today to opine about the approaching demise of the Church. Statistics, polls, and op-ed writers all assure us that the Faith as we know it is in decline, a victim of the postmodern loss of truth, progressive sensibilities, and evolutionary inevitability. Nonsense! The Church is the only human institution to survive 2000 years...and there's more to come!
