

The Enemy at the Gates

Isaiah 7:1-17

Philip Jackson

At a time of national emergency a wicked king had an encounter with God. The story of Ahaz, the 11th king of Judah is a cautionary tale for the people of God who are tempted to follow the conventions of the world. When his adversaries came knocking at the door, his pagan faith was tested by God. In the process, God revealed the condition of his heart, showed him who he was, and who was really at fault for his situation.
