

“Building for Generations”

Genesis 21:33, 34

Because we are a people of another land, our actions in this world must always be driven by our citizenship in and loyalty to another place. Christian giving makes no earthly sense until it is understood as a practice with eternal impact. As such, our new construction says something about us and about God far beyond the dollars and cents involved.

1. Building as a Declaration of Trust (v.33)

2. Building as a Testimony about God (v.33)

3. Building as an Act of Kingdom Life (v.34)
