

***Spiritual Warfare Made Simple***  
**“Spiritual Warfare in Personal Life”**  
**Colossians 3:1-11**

*The resurrection of Jesus has practical implications for the daily life of a believer. That which is new needs to be intentionally nurtured. That which is old needs to be purposely killed off. Spiritual warfare is the state of being that encompasses this internal/external battlefield. Fighting this fight is not mystical or esoteric. Spiritual warfare is, instead, the everyday outworking of the believer’s faith.*
