

“God’s Masterpiece”
Ephesians 2:19-3:7)
Pastor Philip A. Jackson

Have you ever opened a box of furniture, glanced at the pile of parts, and wondered how any of it could become something beautiful? God specializes in taking people who seem disconnected, ordinary, and unfinished and fitting them together into something far greater than they could be alone. In this passage, Paul pulls back the curtain on a plan centuries in the making. Revealing that what looks random is actually intentional design. The Master Builder is at work, and His masterpiece is bigger than most people imagine.
