

Holiness in a Crumbled Culture

“Word and Transformation”

Nehemiah 8:1-18

Nehemiah now joins Ezra in leading the people of God toward restoration; and his account of revival connected to the Word of God is a recipe for facing the cultural challenges of the church in our own generation. A church moves from maintenance ministry to spiritual victory when God’s Word inspires certain transformations among the saints.

1. Transforming Temple Theology into Word Theology (vv.1-3)

2. Transforming Workers into Leaders (v.4)

3. Transforming Observation into Participation (vv.5-8)

4. Transforming Repentance into Joy (vv.9-11)

5. Transforming Input into Insight (vv.12-15)

6. Transforming Routine into Passion (vv.16-18)
