

# The Greatest Thing

As the people of God looked over the horizon to see the fulfilment of a 400 year-old promise, there was incredible potential for what was ahead. They were promised greatness and divine influence wherever they went as long as they stayed by God's side. What was waiting for them along the way were battles that bonded them together as His providence was revealed. In this new generation, the promise continues as the people of Evergreen look toward eternity. We walk with confidence into the future knowing that the commandment and battles remain as we wait for God's promise to be fulfilled.
