

Listening In On Heaven

Romans 8:18-30

Pastor Philip A Jackson

The Christian life is dangerous and hard. It should not surprise us that God's children are growing more uncomfortable as the return of Jesus comes closer. But how do we thrive in the midst of these challenges? Paul's letter to the Romans teaches us that there is a divine plan for us and God longs to share it with us. As we face the growing reality that this world is not our home, it is important for us to embrace the perspective of heaven to see what our Father has planned for us.
