**Can I Believe in God and Science?**

Big Idea

I don't have to know every answer to every question to trust in Jesus. Trusting will always take faith.

Revelation 22:13, Genesis 1,  
Psalm 19:1-2, 1 Corinthians 15:14

St. Augustine believed:

The conflict between science and faith comes from either misunderstanding science or misunderstanding the Bible.

What if instead of either/or we could choose both/and.

---

As Christians we need to see challenges to our ideas about God as opportunities to pursue a deeper understanding of God.

1. Look at the beginning of everything.

More than 3,000 years ago Scripture declared what science confirmed within the last 100 years: the universe had a beginning.

---

2. Look at the design of the universe.

3. Look at the resurrection of Jesus.

Here are 6 facts surrounding the resurrection of Jesus:

1. Jesus was a real person and died by Roman Crucifixion.
  2. Jesus' followers experienced what they believed to be actual appearances of a resurrected Jesus.
  3. Because of those experiences, these followers were willing to die for their faith in Jesus' resurrection.
  4. The Christian church started right after Jesus was killed, right where Jesus was killed, in the city of Jerusalem.
  5. James, the brother of Jesus, was not a Christian until after he believed he saw the resurrected Christ.
  6. Paul, who wrote the majority of the NT, went from killing Christians to starting churches because he had an experience with who he believed was the risen Christ.
