

# Day 19

**Read: Luke 17:11-19**

In this story, we find Jesus being petitioned by ten lepers for physical healing. Jesus mercifully heals all ten men but is disappointed when only one man comes back to show his appreciation. “Were not ten cleansed? Where are the nine?” Keep in mind that Jesus never asked a question He didn’t already know the answer to. Jesus already knew the other nine had abandoned Him without a second thought. Not only that, they failed to give praise to God the Father.

It’s hard to imagine being cleansed of an incurable disease and then failing to give thanks. But how often does God bless our lives and we fail to express our gratitude? How quick are we to forget all He has done for us in the past? Taking time to remember all that God has done in our lives helps to root us in a spirit of praise and thanksgiving! When we lean into our relationship with God with a heart full of gratitude, He can’t help but lavish His blessings upon us!

## PRAY

- **Adore:** Take some time to remember all God has done for you in the past and express your thanks for His provision.
- **Ask:** Ask God that you would be quick to recognize His blessings in the future and faithful to respond in praise.
- **Act:** Have you failed to give thanks to someone in your life? Go and make it right today. No expression of sincere gratitude is ever too late. If you are asked what prompted you to act, take the opportunity to glorify your Lord Jesus Christ and how He is changing your heart.
