DISCUSSION QUESTIONS | OCTOBER 11TH

1. Get to know you: What's something about you today that your younger self would be surprised by?
2. Read Ephesians 2:1-3. What does Paul say was influencing the way we lived? Which of the 3 do you feel most?
3. In verses 4-10, what changes because of God's intervention? What do these verses teach us about the relationship between God's grace, our salvation, and the good works He's prepared for us?
4. One of the realities we talked about this morning is that our identity shapes the direction of our lives. Where are you most tempted to find your identity in something other than Christ? How does that tend to influence the way you live?
5. Verse 10 reminds us that we are God's workmanship, created in Christ Jesus for good works. How does knowing who you are in Christ change the way you approach the people, responsibilities, and opportunities God has placed in front of you this week?
