

# SERMON NOTES

FAITH TO LEAVE SIN BEHIND

**Romans 6:1-14**

**BIG IDEA:** Endurance will require faith to say 'no' to sin and 'yes' to righteousness.

# APPLICATION GUIDE

November 7, 2021

## DISCUSS

Describe the meaning of *cheap grace*.

How is biblical grace costly (1 Peter 1:17-19; Matthew 13:44-45)?

How is *cheap grace* promoted in the church, and what effect has it had on those who profess to believe in Jesus?

What effect should a biblical understanding of grace have on the lives of true believers?

## APPLY

How can you practically consider yourself dead to sin and alive to God?

Is this difficult to do? Explain your answer.

List three sinful actions or attitudes do you need to say “no” to right now?

What are three righteous replacements can you apply to these sinful actions or attitudes?

## COMMIT

Pick one of the three sinful actions or attitudes listed above and ask God to help you get to the root of that problem (Hebrews 4:12). What desires are fueling it? What unmet expectations are driving it? You may find it challenging to discover this alone, so ask another believer to help you work it out as God works in you.
