

A prayer on Abortion

A word of encouragement. Did you know that Nashville, TN. is an abortion free city. From what I heard a group of people bought one clinic and started offering alternatives to an abortion. Another clinic had to close down because they could not find any Doctors to do the abortions. Look at what God is doing !!!!

Dear Heavenly Father, You changed hearts in Nashville, Spread this phenomenon across our land simply change people's hearts from selfishness to understanding when life begins. We rebuke Satan's hold on people's minds. In Jesus Name, so be it. Amen
