Richard Dawkins

“...whether irrational or not, it does, unfortunately, seem plausible that, if somebody sincerely believes God is watching his every move, he might be more likely to be good.”

Pope Francis & Pachamama

Baal Worship

“In the wake of this wrongly focused religion, the experience of desire and love no longer draw their meaning from the Creator. Thus, the creature becomes the focus of everything.”

Zane Hodges, *Romans, Deliverance From Wrath*

“The Hebrew word *nepes*, used for all the living creatures, is sometimes translated ‘soul’. It refers to the passionate appetites and desires of all living things. These appetites and desires include the drives for food and sex. The craving for god distinguishes human *nepes* from animal *nepes*.”

Dr. Bruce Waltke, *Genesis*
