You are loved...

Read 2 Samuel 22:1-4

What's your favorite song?

Why is it your favorite?

I think sometimes that's hard for me to answer because it kind of depends on my mood. Music is amazing. And it can help us feel good, feel sad, feel happy, feel funny, feel scared. Think about it. When you watch a movie, there's music playing almost the entire time. There's a reason for that. The movie directors want you to feel the story more and feel what's happening in the story. It's the same with the story of God! He wants you to feel what's going on. He wants you to feel His love for you. He wants you to feel the plans He has for you and the hope you have in Him. He wants you to feel the strength to keep going.

He wants you to feel all those things and more. His music is always playing in the background of our lives to help us experience fully who He is and who we are in Him.
