“Cultivating A Prophetic Consciousness” Sun. Sermon with David Drumm, LUT, March 8, 11 am

The theme of prophetic consciousness is one of the major biblical themes and one that is widely understood. It is not about fortune tellers who have the ability to see into the future, but about individuals who felt a calling to be a messenger of God and courageously stood up to "speak truth to power" even in the face of personal risk and danger.

The theme continues from the Hebrew Bible into the New Testament, as Jesus clearly self-identified as being a carrier of the prophetic condition. This talk at 11 am on Sunday will highlight some of the biblical texts on prophecy and explore the question of how claiming a prophetic consciousness might be a source of meaning in our personal lives.
